

PA North Search and Rescue

Hug a Tree and Survive

Thursday, February 20, 7:00

**John M. Cuelenaere
Public Library
125 12 Street East**

Hug-a-Tree and Survive is an *AdventureSmart* program that helps lost children survive in the woods. It teaches children how not to become lost in the woods, and what to do should they become lost. *Hug-A-Tree and Survive* is a great program to bring into your family, classroom, guide or scout unit, youth group, or any other community group interested in teaching kids about being safe.

Presented and Co-sponsored by
PA North Search and Rescue Volunteers.
